

Casco C-Matt™ Crib Side Rail Pad

The Casco C-Matt™ Crib Side Rail Pad serves as additional protection to newborn and infant users by providing extra cushioning and barriers along the sides of a crib frame.

Casco C-Matt™ Crib Side Rail Pads have a universal fit, making them convenient and easy to apply to current crib models. Additional sizes and materials are available.

Casco C-Matt™ Crib Side Rail Pads are made from an easy to clean, stain-resistant vinyl, a set of 4 foam insets for each side of the crib, and flat cotton cords that tie the pad to the crib.
