

Casco First Responder RescueAll™ Transport, Reusable

The Casco First Responder RescueAll™ Transport is made with an orange antimicrobial, 14oz. tri-laminate vinyl with a black polypropylene webbing along the sides, making the product not only easy to use, but easy to clean and reuse. The product design enables it to be used as a slide, serving as an alternative means of patient transport. The Casco First Responder RescueAll™ Transport comes in an orange pouch for easy storage.

- The Casco First Responder RescueAll™ Transport is rated to transport up to 1000 pounds (454 Kg).
- The Casco First Responder RescueAll™ Transport is recommended for use by professionals for lifting and transporting patients.
- Multiple handles for ease of team/crew handling.
- Unique handle design for ease of movement.
- Note: Rescue/All is not designed for use of spinal/traction stabilization.
