

# C-Matt™ VersaCare LAL Replacement Cover

## 13 Hose Complete Mattress Cover Assembly

The fully integrated VersaCare LAL Replacement Cover synchronizes with the frame when any function is activated.

### Key features of this cover are:

- 1) Quality and functionality is the same as the Hill-Rom VersaCare LAL Replacement Cover
- 2) Navy Blue color
- 3) Bottom Cover completely sealed to prevent fluid ingress
- 4) Modified larger X-Ray pocket for easy access and larger photo capabilities
- 5) Full perimeter zipper for ease of service
- 6) Equipped to perform all functions as the original Hill-Rom VersaCare LAL Replacement Cover
- 7) Casco Five Year Limited Warranty

### Cover features include:

**1. Offered in Polyurethane (H12806) or Polycarbonate (H12806-P).**

- Antimicrobial, which reduces exposure to bacteria
- Highly resistant to stains and harsh disinfectants
- Wipe clean between patients

**2. Managing microclimate through our support surface cover will minimize heat build-up and reduce the likelihood of perspiration and moisture accumulation.**

- The replacement surface provides airflow close to the patient where in is most effective
- Provides lower surface temperatures
- The coverlet is vented to allow moisture vapor to be transported outside the surface and away from the patient.

## Low Air Loss Capabilities

**Pressure redistribution**

- The replacement cover fits over the multiple zones that allow the patient to immerse and the mattress uniformly envelop to patient

**LAL Comfort Topper**

- Provides airflow directly under the patient to keep them cool and dry while providing unsurpassed comfort to the patient.

**Low Friction, low shear coverlet**

- The breathable and very comfortable low friction, low shear coverlet provides superior skin protection
